MMMonVHF Newsletter No. 1/ WEEK 12 2013

Hallo dear MMMonVHF friends,

please find below our latest NEWSLETTER from the VHF-DX-Portal
"Make More Miles on VHF" (www.MMMonVHF.de), dated 2013-03-20
We try to distribute our Newsletter, once a week on thursday;
if any special activity will make it necessary
we will inform you with Breaking News or a Special NL-Edition.
For further details please be so kind and look at our "News"-page
http://www.mmmonvhf.de/latest.php - you are welcome for any
input and we hope you will enjoy the VHF-DX-Portal MMMonVHF!

HOT 144 MHz MS & EME DX-PEDITION NEWS - Pse do use:
http://www.mmmonvhf.de/latest.php
and use the FILTER for your personal wishes!
****

** DXCC: GM ; Scotland ; Square: IO57 ; start 2013-04-02

GM6VXB is qrv from St.Kilda IO57QT only 4m and 6m

Will be on St Kilda for a short time early April. After much thought will only be taking
4/6M gear as activity too low on 2M. Probably no internet access and marginal mobile signal
so will publish CQ frequencies when possible. Trip may be delayed due to high winds of rough
seas but will update if and changes

SOURCE: tnx to GM6VXB direct to MMMonVHF

** DXCC: 5W ; Samoa ; Square: AH36 ; start 2013-04-04

5W0M (AH36TN) on 144 MHz EME
A German team will activate Samoa from Le Lagoto on Savaii in the northern part of the island
from 80m thru 6m. The good news is that very experienced moon bouncer and DXpeditioner Joe
DL9MS joined the group and will take care of EME operations on 144 MHz. 5W0M will be QRV
from 4 April to 18 April 2013 however, for Central Europe the EME window will open only
around 8 April

Source: http://5w0m.hkmann.de/?Home

** DXCC: EA8 ; Canary Isl. ; Square: IL38 ; start 2013-04-10

I will be back in EA8 from 10-17 April, for the last 2 or 3 visits I have given

priority to 70cm EME, this time I will get the 2m JT65 station qrv again as it
has been a few years since I did this. The station remains 350w - mgf1302 - 9 el
yagi with pol rotation. I will try and be qrv on N0UK if I have a internet
connection from Apr 11th onwards. Grid is IL38.

** DXCC: 9G ; Ghana ; Square: IJ95 ; start 2013-04-12

UPDATE from Rene, Eeltje and Johan.
Good news! We have our single entry visa for Ghana! It took a whole day travelling to the
Ghanese embassy and waiting, getting interviewed, filling in the right answers (in capitals)
and showing the proof of our returnticket and yellow fever vaccination, but eventually we got
a sticker in our passports. All on schedule now! This was not cheap. The three of us in total ?360
(450$).
Such a waste.... But with help of our sponsors the damage is less painful though donations
still are more than welcome!

Thank for your votes for the best EME VHF DXpedition 2012. The two men DXpedition operated by
PA3CEE Eltje and Ren? PE1L to Uganda (5X1EME) won. We're proud that all our African DXpeditions
since 2009 got the first place. It's clear that we do our best, never resting and persisting in
getting all of you in the log and we want to promise you that our policy hasn't changed for 9G5EME.
You know us by know. We won't give up! Thanks for your trust gents! We're proud!

For 144 MHz we do use the same setup as we used in Gambia and Uganda, 2 x 8 Xpol a WA2ODO preamp and
modest power.
If all ok we will have a small 70cm AND 23 cm setup with us.

Our schedule:
144 MHz start april 12th till april 14th (condx are not that great but OK for the bigger stations)
1296 MHz april 19th
144 Mhz april 20th (ARI contest)
432 MHz april 21th
144 MHz april 22nd till april 27th (22-24 good condx for smaller stations)

Power shutdowns are common in Africa so schedule can change and don't wait to make a contact with us
till the last day.
Visit our website www.emelogger.com/ghana/

Johan, Eltje and Rene

After some DXpeditions in the past (last year 5X1EME) the Atleticoteam will go to Africa again.
This time Rene PE1L, Eltje PA3CEE and Johan PE9DX will activate Ghana in west Africa on 144 MHz,
this will be a new one for all of you. The licence 9G5EME is received and the flight and house is
booked,
the locator will be IJ95gb on the beach in the town Ampenyi near the city of Cape Coast.
We want to be active at least during two whole weekends when there is good activity in combination
with
good moon conditions. We try to start friday april 12th for the weekend and then start again friday
19th
for one week. (in between the condx are not good so we will do things what normal tourists do)
Internet possibility is unsure but we try to send at least once a day an update via MoonNet,
MMMonVHF and our mailinglist.

Frequency:
We always TX and RX 144.134 MHz
We use 1 minute periods and we will TX always first.

Setup:
2 x 8 Xpol yagi

400 watt amplifier and a low NF preamp (WA2ODO)

Welcome to Ghana moonbounce site! http://www.emelogger.com/ghana (donations more than welcome)
This is our fifth DXpedition to Africa. Africa came into our blood. We have to come back as often as possible. We can't resist.... With this expedition we support projects via BEBO Bakery http://www.bebobakery.com

Dont forget to vote at http://www.mmmonvhf.de/voting.php for expedition of the year 2012.

Johan, Eltje and Rene

SOURCE: tnx to Rene, PE1L, direct to MMMonVHF

** DXCC: 5H ; Tansania ; Square: KI94 ; start 2013-04-20

Activity from 5H on HF and EME
>From april 20 to april 28 Bode DF8DX is QRV as 5H1DX on HF and EME.
Main activity is in CW on HF band from 10m to 160m. I will do some EME on 70cm and 23cm with single yagi and 100W.
For EME is JT65 preferred but CW is welcome if your signal is strong enough and you can copy me.

SOURCE: tnx to Bodo, DF8DX, direct to MMMonVHF

** DXCC: GM ; Scotland ; Square: IO76 ; start 2013-05-10

Isle of Mull IOTA EU-008 DXPedition, GMxxx (GS3PYE), IO76ej

Continuing the Camb-Hams traditional Scottish Island activations, which started with Mull in 2008, Harris in 2009 and 2010,
Arran in 2011 and Mull in 2012 again, they have decided to return to the Isle of Mull in the Scottish Inner Hebrides
(IOTA EU-008) this time in a great location for lower HF band operation, including 472KHz!
All HF bands from 600m to 10m covered with five stations on air simultaneously from five linear amplifiers,
and 6m, 4m and 2m with a great take-off to the UK and Europe all capable of running the legal power limit.
Building on the success of EME last year they will focus more effort in 2m EME with an elevation system this year
giving them more time on the moon They will be on air from Friday 10th May until Thursday 16th May. Further information
can be found at the Camb-Hams website at http://dx.camb-hams.com/

** DXCC: MJ ; Jersey Isl. ; Square: IN89 ; start 2013-05-24

Several Belgian hams will be qrv from Jersey, IN89ve, between the 24 till 30 may 2013 ,
the aim is to be qrv on 2M, 6M, from 10m to 160 m , SSB and CW, PSK with an emphasis on the higher bands ,
conditions permitting.

SOURCE: tnx to ON4CKM direct to MMMonVHF

** DXCC: VP2V ; Britisch Virgin Isl ; Square: FK78 ; start 2013-06-14

>From June 14 to June 28, 2013, Dave, W9DR will be operating from the north shore of the island of Anegada
in the British Vigin Islands (FK78TR) with the call of VP2V/W9DR on 6 Meters. He will be on 50.115 Mhz.
SSB and 50.115,6 Mhz. CW and will also be running a beacon on 50.115,6 when the band is not open.

Please submit confirmation request (QSL) to W9DR home address.

SOURCE: tnx to Dave, W9DR, direct to MMMonVHF

** DXCC: 3B9 ; Rodrigues Isl ; Square: MH10 ; start 2013-09-01

3B9EME will be qrv from Rodrigues Isl. (MH10qh) in september 2013.
After the success of the J52EME DXpedition by the Verona DX Team,
we are pleased to announce the activation of a new one for 2013.
We will be in 3B9, Rodrigues Island, for EME activity in 144 and 432 Mhz.
The period will be 1 to 9 September 2013. Flights and hotel are already booked.
We await the granting of the call 3B9EME, with the aid of the contacts of Rene PE1L,
which is, along with Atletico Team, our example for DXpedition activity.
Soon more news about equipment, antennas and QRG.
Best 73 from Lucio I3LDP, team leader Verona DX Team - ARI Verona

SOURCE: tnx to Lucio I3LDP direct to MMMonVHF

** DXCC: SV9 ; Crete ; Square: KM25 ; start 2013-10-25

Frank DH7FB and Bernd DF2ZC will activate Crete in Oktober 2013 on 2m EME.Call sign will
be SV9ANJ.Rig is as always TS2000, 2 x 9 ele M2 and BeKo SSPA with sufficient output power.
Location will Pelamare Apartments in Kokkini Hani, 13 kilometres East of Iraklion,
in the North of Crete. Website http://pelamare.webs.com/. Locator is KM25PH
We are very grateful for Pelamare Apts owner Manos SV9ANJ for supporting this DXpedition!

We are very grateful having BeKo Elektronik http://www.beko-elektronik.de, the manufacturer
of excellent amplifiers, as sponsor of our DXpedition!
